

*“Professional Driving School offers the best Driver's Education Program in the Magic Valley.”*

*We offer a thorough program for teenagers as well as a customized program for adults.*

The following is a list of reasons you should consider sending your son or daughter to our driving school:

- We are a state-licensed full time driving school.
- We have been in business since 1981.
- We provide 30 hours of class time, 6 hours of drive time, and 6 hours of observation time.
- We teach each student how to drive using both manual (standard) and automatic transmissions.
- We are experienced in training students with special physical needs or learning disabilities.
- We are a full-time school, and therefore have greater capabilities to accommodate difficult schedules.
- We offer parent orientations to ensure that parents and teachers are working together to give each student the best opportunity to become safe and confident behind the wheel.
- We also offer a parent drive, where the parent has an opportunity to ride along with the student and teacher in order to observe their son/daughter's newly developed abilities.
- At the end of the program there is a parent night to educate parents on the next six months with their student.
- Our main objective is to prepare each student to be a safe, alert, and knowledgeable driver for the rest of his/her life.
- We provide a "Certificate of Completion".
